World Regional Geography. 3.4 End-of-Chapter Material Chapter Summary. Russia is a large country that crosses the boundary between Europe and Asia. It has abundant natural resources, continental and arctic climates, mountains, plains, and massive river systems.

## 3.4 End-of-Chapter Material □ World Regional Geography

While the first chapter does cover in a single chapter the basic concepts of geography that often take 2-3 chapters in other more comprehensive texts, the coverage is certainly adequate and gives a good foundation off of which to build lectures. The book is laid out in an easy to follow fashion. Text provides a useful glossary.
