Fantastic

preconceived notions or ideas you may have already drilled into your psyche. These tricky questions are also called thinking riddles because they force readers to think "outside of the box" to get the correct answer. The solutions to these puzzle types are often inexact or quite the opposite of what a person may expect from

Puzzles, unlike most puzzles, are inexact. In a sense, they are a hybrid between puzzles and storytelling. In each puzzle, some clues to a scenario are given, but the clues don't tell the full story. Your job is to fill in the details and complete the story.
