Fort du succès populaire de son précédent livre, *Jusqu'où va-t-on descendre ?* qui lui a valu un formidable courrier d'encouragements, Alain Soral prolonge son *Abécédaire de la bêtise ambiante* : Amérique, Art contemporain, Ben Laden, Chirac, Dandysme, Djihad, Droits de l'homme, Ecologie, Ecrivaine, Europe, France d'en bas, Gauche plus rien, Homophobie, Houellebecq, Intellectuel communautaire, Israël, Jeunisme, Le Pen, Manipulation médiatique, Multiculturalisme, Néo-matriarcat, Pape, Papon, Pédophilie, Peuple élu, Racisme, Révolution, SDF, Sida, Sport de glisse, Totalitarisme, Travailleuse du sexe, Ultra-libéralisme... Soit 200 nouveaux textes tout aussi corrosifs, par lesquels l'auteur continue à nous démontrer - entre autres critiques du temps - qu'avec la montée Lies obscurantismes, c'est la raison universaliste qui est désormais en danger. Une raison universaliste laïque et égalitaire qui est le principal pilier de la démocratie.

Dédiés au peuple de France des petites gens, des braves gens, ces deux abécédaires, réunis en un seul volume, connurent à leur sortie un formidable succès populaire. Constitués de 370 textes polémiques et brefs, ils analysent le lent écroulement de notre Etat-Nation sous les coups conjugués du marché et des Communautarisme. Exemples : Délinquance, des banlieues rouges aux banlieues beurs ; Ecologie, l'arnaque des pistes cyclables ; Féminisme, le phénomène Bridget Jones ; Gauchisme, comment passe-t-on de Mai 68 au Cac 40 ? ; Libéralisme, de l'intérêt d'avoir toujours une lutte antifasciste de retard ; Minorités, pourquoi pas une Beauf Pride ? Et aussi : Amérique, Intellectuel communautaire, Israël, Le Pen, Manipulation médiatique, Néo-matriarcat, Ultra-libéralisme... Une destruction de la fraternité française sous l'impulsion des trotsko-libéraux, ces libéraux-libertaires devenus libéraux sécuritaires depuis l'élection de Sarkozy : libéraux avec les nantis et les délinquants, mais sécuritaires envers les classes moyennes et populaires, qui supportent de moins en moins une politique toujours menée à leurs dépens...

A thrilling, poignant, and bold memoir of the early years and accomplishments—both musical and sexual—of renowned contemporary composer Ned Rorem. Ned Rorem, arguably the greatest composer of art songs that America has produced in more than a hundred years, is also revered as a diarist and essayist whose unexpurgated writings are at once enthralling, enlightening, and provocative. In *Knowing When to Stop*, one of the most creative American artists of our time offers readers a colorful narrative of his first twenty-seven years, expertly unraveling the intriguing conundrum of who he truly is and how he came to be that way. As the author himself writes, “A memoir is not a diary. Diaries are written in the heat of battle, memoirs in the repose of retrospect.” But careful thought and consideration have not dulled the sharp point of Rorem’s pen as he writes openly of his life and loves, his missteps and triumphs, and offers frank and fascinating portraits of the luminaries in his circle: Aaron Copland, Truman Capote, Jean Cocteau, Martha Graham, Igor Stravinsky, Billie Holliday, Paul Bowles, and Alfred C. Kinsey, to name a few. The result is an early life story that is riveting, moving, and intimate—a magnificent self-portrait of one of the great minds of this age.

In the earliest published diaries of Ned Rorem, the acclaimed American composer recalls a bygone era and its luminaries, celebrates the creative process, and examines the gay culture of Europe and the US during the 1950s. One of America’s most significant contemporary composers, Ned Rorem is also

Where To Download Socrate Saint Tropez

widely acclaimed as a diarist of unique insight and refreshing candor. Together, his Paris Diary, first published in 1966, and The New York Diary, which followed a year later, paint a colorful landscape of Rorem's world and its famous inhabitants, as well as a fascinating self-portrait of a footloose young artist unabashedly drinking deeply of life. In this amalgam of forthright personal reflections and cogent social commentary, unprecedented for its time, Rorem's anecdotal recollections of the decade from 1951 to 1961 represent Gay Liberation in its infancy as the author freely expresses his open sexuality not as a revelation but as a simple fact of life. At once blisteringly honest and exquisitely entertaining, Rorem's diaries expound brilliantly on the creative process, following their peripatetic author from Paris to Morocco to Italy and back home to America as he crosses paths with Picasso, Cocteau, Gide, Boulez, and other luminaries of the era. With consummate skill and unexpurgated insight, a younger, wilder Rorem reflects on a bygone time and culture and, in doing so, holds a revealing mirror to himself.
