The Great Anglo-Boer War—*Amazon.co.uk*—
The war is also known as the Boer War, Anglo-Boer War, or South African War. Initial Boer attacks were successful, the war continued for years with Boer guerrilla warfare, until the British burnt their farms and livestock and put their wives and children in concentration camps until they came to a treaty at Vereeniging.

Second Boer War—Wikipedia
For the British they were the Boer Wars, for the Boers, the Wars of Independence. Many Afrikaaners today refer to them as the Anglo-Boer Wars to denote the official warring parties. The first Boer...

BBC—History—The Boer Wars
In the despatches and in unofficial accounts the corps are mixed up, and sometimes are called Grahamstown Volunteers, sometimes Marshall's Horse. Marshall's Horse formed part of his army which, in February and March 1900, advanced from Modder River to Bloemfontein, and on the way they saw a great deal of fighting.

Anglo-Boer War—Anglo-Boer War
The Great Boer War is a non-fiction work on the Boer War by Arthur Conan Doyle and first published in 1900 by Smith, Elder & Co. By the end of the war in 1902 the book had been published in 16 editions, constantly revised by Doyle. The Introduction describes the book as: A very thorough account, including tables at the end of those killed or wounded up until the 8th September when he left ...

The Great Boer War—Wikipedia
The Anglo-Boer War was one of them. I find this a fascinating time in pre-WWI history and this book details it very well. A lot of similarities to the US Revolution, but with a different outcome. It is amazing how much trouble to Boer gave the British and their overwhelming military superiority.

Pen and Sword Books: The Anglo-Soviet Alliance—Hardback
The ugly part of the Boer war set in after the Boer's capital cities had finally been occupied and the Boers changed to a guerrilla style of warfare. Lord Kitchener retaliated with the tactics of taking the war to the Boer's women and children, the wholesale destruction of their farms, crops and livestock and moving them into the now infamous concentration camps.

The Great Anglo-Boer War by Byron Farwell 1976-08-02—
South African War, also called Boer War, Second Boer War, or Anglo-Boer War; to Afrikaners, also called Second War of Independence, war fought from October 11, 1899, to May 31, 1902, between Great Britain and the two Boer (Afrikaner) republics—the South African Republic (Transvaal) and the Orange Free State —resulting in British victory.

South African War | Definition, Causes, History, & Facts—
The Anglo Boer Wars were a major conflict at the end of the 19th century but many of us have little idea as to what caused the British to be at war in the southern most part of the African continent. The Cape Colony had originally been part of the Dutch colonial empire but in 1815, the British had their eyes on Simontown, a vital port on route to India and the wealth that went with it.

Anglo-Boer War register—Intriguing History
The Anglo-Zulu War was fought in 1879 between the British Empire and the Zulu Kingdom. Following the Constitution Act, 1867 for the federation in Canada, by Lord Carnarvon, it was thought that similar political effort, coupled with military campaigns, might succeed with the African kingdoms, tribal areas and Boer republics in South Africa.

Anglo-Zulu War—Wikipedia
The Great Boer War (1899–1902)—more properly the Great Anglo-Boer War—was one of the last romantic wars, pitting a sturdy, stubborn pioneer people fighting to establish the independence of their tiny nation against the British Empire at its peak of power and self-confidence. It was fought in the barren vastness of the South African veldt, and it produced in almost equal measure ...

The Boer War (1899-1902) was one of the last of the romantic wars, pitting a sturdy, stubborn pioneer people, fighting to establish the independence of their tiny nation, against the might of the British Empire at its peak. Farwell captures the incredible feats, the personal heroism, the unbelievable folly, and the many incidents of humor as well as tragedy.

The story of the battle for independence from the British Empire in South Africa by "a vivid chronicler of military forces, generals, and wars" (Kirkus Reviews). The Great Boer War (1899-1902), more properly known as the Great Anglo-Boer War, was one of the last romantic wars, pitting a sturdy, stubborn pioneer people fighting to establish the independence of their tiny nation against the British Empire at its peak of power and self-confidence. It was fought in the barren vastness of the South African veldt, and it produced in almost equal measure extraordinary feats of personal heroism, unbelievable examples of folly and stupidity, and many incidents of humor and tragedy. Byron Farwell traces the war's origins; the slow mounting of the British efforts to overthrow the Afrikaners; the bungling and bickering of the British command; the remarkable series of bloody battles that almost consistently ended in victory for the Boers over the much more numerous British forces; political developments in London and Pretoria; the sieges of Ladysmith, Mafeking and Kimberley; the concentration camps into which Boer families were herded; and the exhausting guerrilla warfare of the last few years when the Boer armies were finally driven from the field. The Great Boer War is a definitive history of a dramatic conflict by the author of Queen Victoria's Little Wars, "a leading popular military historian" (Publishers Weekly).

Military History.

This concise history of the Anglo-Boer War is the ideal book for those who want an overview of the military fortunes of the two warring parties.

The Anglo-Boer War (1899-1902) is one of the most intriguing conflicts of modern history. It has been labeled many things: the first media war, a precursor of the First and Second World Wars, the originator of apartheid. The difference in status and resources between the superpower Great Britain and two insignificant Boer republics in southern Africa was enormous. But, against all expectation, it took the British every effort and a huge sum of money to win the war, not least by unleashing a campaign of systematic terror against the civilian population. In The Boer War, winner of the Netherland's 2013 Libris History Prize and shortlisted for the 2013 AKO Literature Prize, the author brings a completely new perspective to this chapter of South African history, critically examining the involvement of the Netherlands in the war. Furthermore, unlike other accounts, Martin Bossenbroek explores the war primarily through the experiences of three men uniquely active during the bloody conflict. They are Willem Leyds, the Dutch lawyer who was to become South African Republic state secretary and eventual European envoy; Winston Churchill, then a British war reporter; and Deneys Reitz, a young Boer commando. The vivid and engaging experiences of these three men enable a more personal and nuanced story of the war to be told, and at the same time offer a fresh approach to a conflict that shaped the nation state of South Africa.

McCracken (history and humanities, U. of Durban-Westville, South Africa) illuminates the contact between Ireland and South Africa in the age of high imperialism, and the interest aroused in Ireland by developments in South Africa and their effects on Irish politics of the time. The first edition was

Using previously unavailable unique archival materials the authors present an absorbing history of a little known, but very significant aspect of the Anglo-Boer War.

This is the first general history of the concentration camps of the Anglo-Boer or South African War in over fifty years, and the first to use in depth the very rich and extensive official documents in South African and British archives. It provides a fresh perspective on a topic that has understandably aroused huge emotions because of the great numbers of Afrikaners, especially women and children, who died in the camps. This fascinating social history overturns many of the previously held assumptions and conclusions on all sides, and is sure to stimulate debate. Rather than viewing the camps simply as the product of the scorched-earth policies of the war, the author sets them in the larger context of colonialism at the end of the 19th century, arguing that British views on poverty, poor relief and the management of colonial societies all shaped their administration. The book also attempts to explain why the camps were so badly administered in the first place, and why reform was so slow, suggesting that divided responsibility, ignorance, political opportunism and a failure to understand the needs of such institutions all played their part.
